

# AC220V ELECTRIC AIR CONDITIONER

*For medical vehicle&RV*

**E-3800PRO**

## Control Panel

## Product Features

- Use environmentally friendly R410a refrigerant;
- One-piece unit; rooftop mounted, easy for installation
- Cooling design using axial flow fan;
- Special for RV, Medical Vehicle, Mobile Communications vehicle and etc.

## Technical Data

Model	E-3800PRO
Refrigerant/Volume	R410a
Cooling capacity	4000W / 13648Btu
Power	1450W
Voltage	AC220 / 50Hz
Evaporator blower air vol.	600m <sup>3</sup> /h
Condenser fan air vol.	1000m <sup>3</sup> /h
Dimensions	788*632*256mm
Weight	30kg
Open hole size	360*360mm
Mechanical control panel size	539*64*572mm
Vehicle Applications	All trucks, van , tractor and RV cabs etc.
